

NOTIFICATION OF ACCEPTED ABSTRACTS (ORAL PRESENTATION)

day 3 13-Nov(Sun) Hall 4 Navis B

| Time | Presenter | Title |
|-----------------|----------------------------|---|
| 09 : 00-09 : 10 | Onjira | The Treatment with Acupuncture in Canine Tongue Paralysis - a Case Report |
| 09 : 10-09 : 20 | Ratiporn | The anesthetic management of cholecystectomy in dog with gallbladder ruptured |
| 09 : 20-09 : 30 | Siwaporn Pattanasittiseree | ANESTHETIC MANAGEMENT OF PORTOSYSTEMIC SHUNT SURGERY IN DOG |
| 09 : 30-09 : 40 | Kentaro Kurogouchi | Perioperative Complications in Feline Open-Heart Surgery: A Case Series |
| 09 : 40-09 : 50 | Sitha | Management of thromboembolism aorta in hypertrophic cardiomyopathy cat: a case report |
| 09 : 50-10 : 00 | Mai Sato | Idiopathic pleural effusion in a dog |
| 10 : 00-10 : 10 | Sarunya Prapitpa | A large hepatic cyst in DSH cat |
| 10 : 10-10 : 20 | Ratiporn | Upper airway obstruction secondary to laryngeal carcinoma in cat |
| 10 : 20-10 : 30 | Urapa Klansnoh | Primary subungual squamous cell carcinoma in American akita: case report |
| 10 : 30-10 : 40 | Palida Kiratibutra | Case report: Protothecal colitis in Chronic diarrhea dog. |
| 10 : 40-10 : 50 | nusara pattamapan | Oral Myiasis |
| 10 : 50-11 : 00 | Woro D. Wendo | Different mucin core protein (Muc) profiles in the biliary epithelial cells of hamsters and mice with <i>Opisthorchis viverrini</i> infection |

day 3 13-Nov(Sun) Hall 5 Navis C

| Time | Presenter | Title |
|-----------------|----------------------|---|
| 09 : 00-09 : 10 | Hirohisa Mekata | Single-Nucleotide Polymorphism on Spermatogenesis Associated 16 Gene-Coding Region Affecting Bovine Leukemia Virus Proviral Load |
| 09 : 10-09 : 20 | Md Matiur Rahman | Development of a monitoring method for high risk cattle of bovine leukemia virus transmission and onset of enzootic bovine leukosis using milk exosomes |
| 09 : 20-09 : 30 | Masaki Maezawa | DRB3*15:01 allele is associated with susceptibility to early-onset enzootic bovine leukosis |
| 09 : 30-09 : 40 | Naoki Suzuki | Rapid determination of pathogens in mastitic milk of dairy cows using Gram staining |
| 09 : 40-09 : 50 | Masafumi Enokidani | Changes in the Teat Canal during Dry-off Period Assessed Using Ultrasonography in Japanese Holstein Dry Cows |
| 09 : 50-10 : 00 | Mamiko Ono | Use of Ultrasonography to Evaluate Keratin Plug Formation in Dairy Cow Teat Canals |
| 10 : 00-10 : 10 | Mahmoud Baakhtari | Reappraisal of maternal colostrum on promotion of immunity, growth, and health of Japanese black calves |
| 10 : 10-10 : 20 | Parnian Ahmadi | Novel CD8+ T Cell-independent Host Defense Mechanism against <i>Eimeria</i> Re-infection |
| 10 : 20-10 : 30 | Amany Ramah | Protective effects of probiotics against tannin-induced immunosuppression in broiler chickens |
| 10 : 30-10 : 40 | Hisashi Inokuma | Three cases of Shibayagi goat with paresis due to vertebral abscess |
| 10 : 40-10 : 50 | Pornphutthachat Sota | Spatial Factors for Human and Animal Reservoir Association in Opisthorchiasis Using One Health Approach |
| 10 : 50-11 : 00 | Yumi KIRINO | Improvement of veterinary institutional capacity as a driving force for One Health |
| 11 : 00-11 : 10 | Kyohei Hamada | Survey of antimicrobial-resistant bacteria from the environment of veterinary clinics: a One Health approach in Fukuoka Prefecture, Japan |
| 11 : 10-11 : 20 | Kazuki Ishibashi | Surveillance of antimicrobial resistant bacteria using the dust of electrical vacuum cleaner used in veterinary clinics |
| 11 : 20-11 : 30 | Tatsuro Hifumi | Development of a real-time recombinase polymerase amplification (RPA) for the rapid detection of alveolar echinococcosis in hepatic nodules of horses |
| 11 : 30-11 : 40 | Kumiko Kuzuoka | Statistical analysis of on-site problems at slaughterhouses and feedback to food business operators |

day 3 13-Nov(Sun) Hall 7 Rigel

| Time | Presenter | Title |
|-----------------|-----------------------|---|
| 13 : 00-13 : 10 | Hirofumi Sato | The Animal Welfare Center's Adopting Promotion Project, which is based on a systematic branding strategy |
| 13 : 10-13 : 20 | Montri Pattarapanawan | Evaluation of changes in malondialdehyde levels of breast and thigh meat in broiler chickens fed with high bioavailability of feed additive |
| 13 : 20-13 : 30 | Naoki Kirimura | Involvement of gicerin, a cell adhesion molecule, in the hematogenous metastatic activities of a melanoma cell line |
| 13 : 30-13 : 40 | Mako Sato | Involvement of gicerin, a cell adhesion molecule in neuroblastoma progression |
| 13 : 40-13 : 50 | Wanat Sricharern | Molecular prevalence of hemotropic <i>Mycoplasma</i> from assamese macaques in Chiang Rai province, Thailand |
| 13 : 50-14 : 00 | Watcharapol Suyapoh | Assessment of human factors affecting the gastrointestinal nematode infection in zebra dove in cage-close system |
